

Your Local Sustainability Resource – Livable Buckhead

Livable Buckhead (LBI) is a nonprofit organization focused solely on positioning the Buckhead community for future investment by implementing sustainability strategies that enhance quality of life. LBI's main areas of programming are alternative transportation, green space, energy efficiency, and recycling.

AFC is a member of Livable Buckhead and works with the organization to enhance the building's sustainability through the following programs & initiatives:

Atlanta Better Buildings Challenge

The [Atlanta Better Buildings Challenge \(ABBC\)](#) is a nation-leading sustainability initiative that challenges building stakeholders to make their buildings better by improving building energy and water performance by 20% by 2020. Its success can be attributed to the committed facility managers, prudent property owners, conscientious building occupants and service providers. These community-wide efforts are led by City of Atlanta Mayor's Office of Sustainability, [Livable Buckhead](#), [Central Atlanta Progress](#), [Midtown Alliance](#), and [Southface](#).

Alternative Mobility Options

Livable Buckhead, the Buckhead area representative for the [Georgia Commute Options](#) program, works with property managers and employers to develop programs and strategies that promote alternative transportation options (transit, telework, bike/walk, rideshare). Livable Buckhead's transportation services include comprehensive program development, commute incentives, discounted transit passes, survey analysis, GIS commute mapping, on-site events, internal communications and more. Click [here](#) to learn more.

The *buc* shuttle

The *buc*, managed by Livable Buckhead, is a fast, frequent, FREE shuttle service that connects the Buckhead MARTA Station northern concourse with office buildings along the Piedmont Road corridor.

Making frequent stops during commute hours, the *buc* is the best way for transit riders to make the "last mile" connection to their location. There's no

cost, just hop on the shuttle and let someone else worry about the traffic. Visit www.bucride.com to find the schedule.

Buckhead Recycles

Buckhead Recycles is a community-wide recycling program that unifies Buckhead office buildings under one cohesive recycling platform. The program began in May 2015 and has grown to include twenty-two participating buildings that represent over 7.5 million square feet of Class A office space. Buckhead Recycles is designed to deliver the highest-quality office recycling program to participating buildings at a lower cost, by leveraging the efficiencies and collective buying power of the Buckhead community.

PATH400 Greenway

Livable Buckhead is leading the implementation of a 5.2 mile multi-use path along GA400. PATH400 is the spine of The Buckhead Collection, and adds a critical layer to the multi-modal transportation network by integrating pedestrian and bike access. It also connects to the regional network of trails, improving accessibility for the estimated 220,000 people who live, work and play in Buckhead. Learn more at www.path400greenway.org
